

10 Reasons to Invest in mySimBiz

- 1. mySIMBIZ is the most comprehensive simulated work experience program available today.**
Includes 87 activities, most which require creating and modifying Word and Excel documents
- 2. mySIMBIZ is Internet delivered.**
- 3. “Applied Learning” content is realistic, relevant, up-to-date and applicable to real world work situations.**
Content is linear (logical & sequential tasks required to run a business) with opportunities for branching into related topics that are designed to enhance and expand the knowledge of the task/activities at hand (videos, documents, mini courses, and web references)
- 4. The content is geared towards many disciplines and programs.**
 - Entrepreneurship Training
 - Computer Applications Classes
 - Business/Marketing Education Classes
 - Work Experience & Workforce Development Programs
 - Financial Education Classes
 - Individuals Starting a New Business
- 5. mySimBiz includes post tests.**
2 post tests covering terms and applications used throughout mySimBiz
- 6. Comprehensive instructor resources.**
Includes instructor’s manual, overviews, reference files, overviews, test guide, calendar, grading guidelines, certificate of completion
- 7. Includes more than 35 hours of tutorials.**
Includes typing, word processing, spreadsheets, presentation, Internet browser
- 8. Includes related job specific videos and access to the Department of Labor’s O*NET database.**
- 9. The program is designed for both small group activities as well as individualized application.**
Groups of two to three individuals compete to generate the “largest profit”
- 10. Individuals create a “competency portfolio binder” that illustrates and validates the learned competencies that parallel real job situations.**

The above features are available for \$49.95 per student. Cost effective options are available for classroom licenses, building licenses, multiple building licenses, and district wide licenses
